**If You Can't Make A Patrol.**

As soon as you know you can't make a patrol you need to try and arrange a swap. Look at the Patrol List and contact people with similar qualifications as yourself.

Active Reserves are a good first contact.

If you hold a Beach Management Certificate you MUST swap with someone who holds this award.

Let your Patrol Captain know you can't make it and who your replacement is.

If you can't find a replacement let your Patrol Captain know you can't be there and who you have contacted.

They may be able to assist in finding replacements.

Patrol Captains – if you know you are going to be short of members for a Patrol and you have been unable to find replacements or extras then let Katrina know and I will try to assist.
